KWICKPOS RESTAURANT

**PURPOSE-BUILT POS FOR FULL-SERVICE
AND QUICK-SERVICE RESTAURANTS**

KwickPOS

KwickPOS Restaurant is a purpose-built restaurant POS that supports counter service, table service, bars, and multi-location operations through integrated front-of-house, kitchen, and payment workflows, while WAS retains acquiring and merchant ownership.

KwickPOS → WAS (Acquiring & Compliance)

An open, infrastructure-level gateway built for scalable, flexible payment environments—not an all-in-one frontend, POS, or bundled solution.

WHO IT'S FOR

- ✓ Restaurants that need a purpose-built food-and-beverage POS
- ✓ Quick-service, fast-casual, full-service, bar, and café environments
- ✓ Consolidating POS, online ordering, loyalty, and marketing

KEY CAPABILITIES

- ✓ Flexible ordering modes (counter, handheld, QR, kiosk, online)
- ✓ Kitchen display and routing with real-time order flow
- ✓ Built-in customer engagement (loyalty, marketing, gift cards)

KwickPOS fills a key gap for restaurant partners, enabling confident entry into QSR and full-service environments while keeping payment volume, underwriting, and merchant ownership within WAS
