A simple, secure payment terminal solution, not a full POS system or replacement for Delta1st.

WHO IT'S FOR

- ✓ Merchants who only need to accept in-store card payments
- ✓ Small retail, service, food trucks, and professional offices
- ✓ Supplemental or secondary use cases (backup terminals, extra lanes, pop-ups)

KEY CAPABILITIES

- ✓ EMV chip, contactless, and magstripe card-present acceptance
- ✓ On-device sales, refunds, tips, and daily settlement
- ✓ Simple product buttons, discounts, and digital or printed receipts

➡ Connect Express provides a clear, payments-only solution that avoids unnecessary POS complexity, simplifies support, and creates a natural upgrade path as merchant needs grow.
